Do you know how to set parent controls on any device?

Parental controls are the names for a group of settings that allow you to control what content your child can access and can see.

Knowing how to set parent controls on any computer/tablet is another way of ensuring that your child is kept safe online. If you are unsure as to how to set parental controls the NSPCC website gives simple steps for how to set these on mobiles/tablets, computers, home broadband etc.

The website <https://www.internetmatters.org/parental-controls/> allows you to search for any device and give step by step guides as to how to set parental controls.

Using Parental Controls & Privacy Settings

Give your child a safe space to explore their curiosity online. Our step by step guides will help you to set up the right controls and privacy settings on the networks, gadgets, apps, and sites they use to give them a safer online experience.
